

ANZSNM
26th-27th April

Cardiac Master Class

With Associate Professor Barry Elison FSCCT

Overview

This Master class is intended for Radiologists and Nuclear Physicians who want to gain a basic introduction to scanning and interpreting Cardiac CTA.

The class will consist of 15 cases of Cardiac CTA with hands on learning. Each session will be 3 hours; the session will be repeated during the 2 days to allow for delegates to schedule time to attend.

The class will consist of maximum of 14 delegates per session to afford the best training and personalized attention.

Instructors:

Dr Barry Elison FSCCT
Clinical Associate Professor and Director

Ruth Kresina
CT Applications Specialist CT

Profile

Biography Prof. Barry Elison

Barry is a Clinical Associate Professor and Director of the Department on Nuclear Medicine at Wollongong Hospital as well as being the Network Executive Clinical Director for the Sydney Southeast Area Health Service.

He has extensive experience in both the public and private sectors and has been a full time physician in Nuclear Medicine in the Illawarra area for over 20 years. Barry also has a long involvement in matters relating to nuclear medicine community, being a past President of ANZAPNM and currently actively involved in quality and accreditation matters with respect to nuclear medicine nationally.

He is a credentialed specialist in CTCA and has a long standing interest in Nuclear Cardiology. He also has interest in other areas of nuclear medicine, including musculoskeletal imaging and paediatric nuclear medicine.
